

Gold Class Riesling

The **2006 MadFish Riesling** has proved its outstanding appeal, collecting TWO more Gold Medals at the Rutherglen Wine Show in Victoria and the Qantas Wine Show in Western Australia.

This Gold Medal scoop adds to the long list of accolades for the iconic MadFish Riesling, which was first released in 2004 by MadFish Wines, from Western Australia.

These awards are proof of the popularity this wine is experiencing, nationally and overseas.

The MadFish Riesling is made from 100% Great Southern fruit and showcases the exceptional potential of this cool climate region.

MadFish wines are crafted without pretension and are characterised by a pure, fresh and clean style in which the flavour of the fruit is the primary character.

“This wine perfectly exemplifies all that is MadFish as it delivers a distinct liveliness, elegant and aromatic, crisp citrus notes in which the pristine flavour of the fruit is clearly evident,” says MadFish owner Jeff Burch.

“For a wine in only its third vintage, the success of the MadFish Riesling has been phenomenal. Each vintage has consistently received Gold Medals and Trophies across Australia. It’s show success has created a loyal following and has made it one of the country’s best value for money wines.”

The Qantas Wine Show is one of the state’s most prestigious wine shows that each year, demonstrates the strength of premium Western Australian wines.

The Rutherglen Wine Show is notably Australia’s oldest known wine show. Originally part of the Rutherglen Agricultural Society’s Annual Show, it became a separate event in the early 1980’s as the number of wine entries began to climb to more than 200.

Bronze Medals were also picked up at these shows for the 2004 MadFish Premium Red, 2004 MadFish Carnelian, 2004 MadFish Gold Turtle Shiraz, 2005 MadFish Chardonnay and 2006 MadFish Sauvignon Blanc Semillon.
